

SORAYUT THAMSANONG

Nonthaburi 11110 | 096-1475075 | minerdev1103@gmail.com

Summary

My name is **Sarayut Thammasanong**, a Front-End Developer with experience in developing **stock market-related websites, meeting room booking systems, and travel recommendation websites** using **React.js**. I specialize in designing **UX/UI** for modern and user-friendly experiences, including **Parallax Effect** development to create visually engaging interactions. My expertise includes **Refactoring Code, Debugging, API Integration (REST & GraphQL), and Performance Optimization** to ensure optimal system efficiency. I am always eager to learn and continuously improve my skills to stay ahead in the ever-evolving tech landscape.
